POLITICS IS THE * ENTERTAINMENT * DIVISION OF THE MILITARY INDUSTRIAL COMPLEX.

I note the public are still arguing about politics, a political solution to the current crisis with crisis being defined as, 'in imminent trouble and danger' and to the many staunch followers and believers of the EFF, ANC the DA etc, who believe in politics, I beg them all to wake up and raise their level of critical thinking, understanding and research.

POLITICS IS THE * ENTERTAINMENT * DIVISION OF THE MILITARY INDUSTRIAL COMPLEX.

Entertainment yes, what has politics ever delivered to this nation or any nation for that matter, we're almost at total economic destruction and the impoverishment and enslavement of all the people, **Entertainment** of the masses, Politics is all acting as all politicians are controlled by their foreign masters under a few local puppet main actors, all read from a script to play and sway the masses. All are members of a global Organised Crime Syndicate working with the Global Cartel, the NWO army, their UNITED NATIONS.

POLITICS IS THE ENTERTAINMENT DIVISION OF THE * MILITARY INDUSTRIAL COMPLEX *.

The Global Military Industrial Complex is the USA military and the industrial armaments, military tech, vehicles & aircraft manufacturers (**the USA MILITARY**), that **signed** an agreement (Wikipedia) **with** the **GLOBAL MEDIA**, the entertainment industry and especially cinema, multi-media and virtual reality to: and here's the kicker, **TO CO-OPERATE TO THEIR MUTUAL BENEFIT**. Their only benefit is to use politics to divide the masses, incite a **MEDIA IGNITED** civil war so they can move in with their private corporation, the **UNITED NATIONS** and finish the

country off as they plan to seize all our country's resources and Key Points.

POLITICS IS THE ENTERTAINMENT DIVISION OF THE * MILITARY INDUSTRIAL COMPLEX *.

This government declared war on 'we the people', yes all the people. Read the Art of War, Sun Tzu, 'know your enemy', in our case its easy, our enemy is entertainment masquerading as politics that allows them to use one of their favourite weapons in their 'divide and conquer' arsenal, which is politics and the masses swear allegiance to a political illusion. And many no doubt, are prepared to die to protect this illusion. Politics is an illusory distraction, nothing else. Consider Parliament, Judiciary, Police, Military, Banks are all compromised, sold out, none of the people in power are on the side of the people. You've heard Cyril in parliament, 'I fear fokol'.

THEY'VE DECLARED WAR ON US ALL, and we must stop allowing ourselves to be divided. Only if we **ALL UNITE** can we prevent the genocide and planned destruction of our country and everything we hold dear. We're all being played and cannot see the danger approaching.

AS AN ASIDE: Well done to **Eskom** Chiefs for proficiently obeying the orders of their foreign masters to crash the South African economy, a round of applause to **Eskom** for preparing STAGE 8 to shut off the power for 13 hours per day as **Eskom** delivers the coup de grace to our economy and the wishes, hopes, plans and dreams of us all. Our thanks go to the very top, The Rothschilds Global Financial Cartel, the IMF, WB, UN, WHO, CDC, WHO, etc.
