THE PEOPLE'S WAR ON CORRUPTION

The **WAR ON CORRUPTION** begins with a clearly defined legal definition of Corruption and the outcomes:

DEFINITION:

CORRUPTION is the arrogance of total unaccountability based on a belief of impunity, abuse of power, unauthorized and illegal utilisation of taxpayer's funds and national resources, to satisfy their insatiable selfish greed and the unjust enrichment of the Organised Crime Syndicate masquerading as government, conflated with bribery and Political control of the Police, Judiciary and Courts from the highest to the lowest minion. **NOTE:** Syndicate cohorts hold the mistaken belief that they are beyond the law in terms of Article 46A*bis* of the African Union's Malabo Protocol which states: *"No charges shall be construed against any African Head of State or Government based on their functions, during their tenure of office."*

OUTCOME:

All at the expense of service delivery, continual impoverishment of the people, infrastructure destruction and paralysis of State Owned Enterprises and ultimately the destruction and paralysis of the economies of South Africa and SADC, which are in free fall.

SOLUTION:

The **PFC** and coalitions, **UNITED WITH PURPOSE** will support the legally constituted **NATIONAL PEACE COMMISSION** in the **WAR ON CORRUPTION**. International, foreign, customary and local laws are on our side, in particular, The Prevention of Organised Crime Act of 1998, The Prevention and Combatting of Corrupt Activities Act 12 of 2004, The Public Finance Management Act, *inter alia*. Details will be posted to all organisations and groups, soon.

Simply put, those that are not with us in the **WAR ON CORRUPTION**, are against the people of South Africa, Africa and **SADC**.
